

Sure Shield Medicated Hand Soap (Liquid Gel)

Soft Scent

ZEXA

SURE SHIELD MEDICATED HAND SOAP (LIQUID)

PRODUCT DESCRIPTION:

Sure Shield Medicated Hand Soap is designed to eliminate bacteria on the skin and is effective against a broad spectrum of microorganisms.

Sure Shield Medicated Hand Soap is suitable for all situations where it is important to reduce the possibility of microbial cross-contamination.

The gentle, emollient-enriched formula helps condition the skin while reducing transient bacteria on the skin. Our Soft Scent fragrance leaves a gentle, comforting residual aroma on the skin.

Suitable for frequent hand washing.

DIRECTIONS FOR USE:

1. Using warm water, wet hands thoroughly including palms, wrists and back of the hands.
2. Thoroughly lather hands with soap.
3. Vigorously rub hands together, cleaning palms, fingers, between fingers, back of hands, thumbs and wrist, for **minimum 15 seconds**.
4. Thoroughly rinse off the soap.
5. Pat hands dry with a disposable paper towel or use an air dryer.
6. Place the disposable paper towel in the bin.
