### Description

Milk Jug Rinsers Bench Insert Model BS-MJR3

The Barista Progear Pitcher Rinser is an essential for any coffee setup. Designed and made in Australia from high quality stainless steel. The In Bench Pitcher Rinser is designed to be recessed into any bench top.

Rinsers are the perfect accessory to have next to your coffee machine as they increase work flow by saving time running to the sink after steaming milk. Simply press the milk jug down on the star and water will spray out to clean and cool down the milk jug making it ready for use.

The Pitcher Rinsers can also be installed into a Coffee Cart or Mobile Van.

Please note: Rinser must be connected to cold water only with a 350kpa pressure limiting valve.

Made in Australia
